

Monument Park Brick Pavers

"My grandmother used to work at Kress."

"I bought my first prom dress at Marks-Rothenberg."

"I bought a brick in honor of my dad."

Nearly everyone has a downtown Meridian memory. With a downtown so unique and so steeped in character and history, we want to celebrate our shared past and future with an inscribed brickpaver program that will give residents, former residents and our neighbors the opportunity to permanently leave their mark downtown.

The brick pavers will be installed in Monument Park on 23rd Avenue--a small, charming park coming back to life to serve as an urban resting spot.

So, join in. Become a part of downtown through the brick paver program. Add your name or the names of loved ones, friends, neighbors and co-workers to the list of those who hold downtown Meridian dear.
